**IT COULD SAVE A LIFE.**

**Tracey Marsh, Maureen Rutherford and Jacqueline Dickson tragically lost their partners because a motorist failed to look properly at a junction. All men were experienced motorcyclists, yet when a motor vehicle cut across their path, they didn't stand a chance.**

**Analysis of almost 200 Scottish legal cases involving motorcycling casualties in 2022/23, found that 70% of fatalities and injuries were caused by errors made by the car or motor vehicle driver – not the motorcyclist. Source: MOTORCYCLE LAW SCOTLAND**
